General catalogue
2020

Since 1945 superior quality products for motorhomes, caravans, van conversions and camper vans

fiamma.com
Fiamma is known worldwide as a pioneer and leading company in manufacturing technical accessories for the recreational vehicle market.

Fiamma has more than 100 patents registered in Europe, USA, Japan and China.

The headquarters in Cardano al Campo focuses on product design and worldwide distribution. In addition there are eight manufacturing facilities where product improvements, technology innovation and new production processes are constantly implemented.

The Fiamma catalogue is translated into 11 languages including Chinese, Japanese and Russian.

1945
Fiamma is the first company in Europe to introduce a complete range of superior quality products for Motorhomes and Trailers.

1973
Fiamma starts its operation in the American market and becomes a leader in the production of awnings for Class B Motorhomes.

1980
Fiamma creates the International Motorhome Club to strengthen the relationship between the company and its end-users. Fiamma becomes the first company in this market to get the TÜV-GS (German Quality Control) for its awnings.

1984
Fiamma expands into the Japanese market to become the country’s leading manufacturer of accessories for recreational vehicles.

1987
Fiamma receives ISO 9002 certification.

1996
Fiamma receives ISO 9001 certification for its new and state-of-the-art factory located in Cardano al Campo.

2002
Fiamma opens new departments equipped with high tech machinery, thereby increasing its production capacity by 40%.

2003
Inauguration of Fiamma Service, the completely automated distribution center of spare parts.

2005
John-David Pozzi (since 2008) and Charles Pozzi, grandsons of Norma and Arnaldo Pozzi, collaborate together in the function of Managing Directors of Fiamma Spa.

2006
Fiamma was founded by Norma and Arnaldo Pozzi. The name Fiamma, which in Italian means “flame” comes from the company’s first product: an aluminium gas stove for camping.

2012
John-David Pozzi (since 2008) and Charles Pozzi, grandsons of Norma and Arnaldo Pozzi, collaborate together in the function of Managing Directors of Fiamma Spa.

2018
Fiamma celebrates 75 years of activity.

2020
Fiamma celebrates 75 years of activity.
On the Fiamma website you can find all updates and information on our products. In the “points of sale” section you can also find a list of the best Fiamma dealers.

The Fiamma stand is the meeting point for many motorhome fans in 52 international exhibitions of the RV industry. You can find the original Fiamma products in a selected network of motorhome specialists with extensive experience in the industry guaranteeing customer satisfaction.

Spare parts drawings for all Fiamma awnings, Carry-Bike and other Fiamma accessories are available online at www.fiamma.com. Our technical assistance team guarantees a prompt delivery of more than 10,000 spare parts. If you want to get the best quality and an excellent after-sales service, choose Fiamma products.

Fiamma has invested in cutting edge equipment and highly qualified staff to set up its excellent test laboratory in order to guarantee continuous growth in quality of the manufactured products. Before hitting the market, our new products are subjected to strict tests such as FEM analyses during the design phase using the most advanced aerospace software, along with raw materials testing, laser analysis, crash tests and many other specific tests and trials.

The Fiamma Awning is the only awning with a patented adjusting system that enables you to gauge the closing of the front bar. If over a period of time, one side should stop closing perfectly due to fabric and arm movements, you can use the Presto Fix to realign the closing of the front bar.

Have you ever completely retracted your awning only to find that the canvas has rolled the wrong way around the roller tube, meaning that it no longer closes? Not possible with a Fiamma awning! The One Way Roll is an ingenious patented mechanism that prevents the canvas from ever retracting the wrong side of the roller tube. You can’t go wrong!
The exclusive features of Fiamma

[4] DUAL SHOCK-ABSORBER
Only Fiamma has the Dual Shock-Absorber which protects both your vehicle and your awning. The arms are fixed with the certified double bolt system “Double-Block” which grants more stability and ease of regulation.

[5] EXTRA-STRONG ARMS
Highly resistant reinforced articulated arms with strong 3.5mm wire cables. They are proof tested for more than 10,000 cycles of opening and closing and can maintain a steady fabric tension of up to 32 Kg.

[6] DOUBLE GUIDE
All Fiamma awnings are equipped with at least a double guide on the lead bar allowing the installation of two front panels, for example: Privacy Room and Sun View XL, Blocker and Tie Down S, Sun View XL and Awning Hangers.

[7] SECURE LOCK
The telescopic system of the legs with manual locking allows the regulation of the lead bar height. This system allows you to regulate the height of the awning according to your needs. Fiamma awnings have a dual fixing possibility for its incorporated legs: to the wall and to the ground.
Fiammastore awnings

Mounting and finishing solutions

Thanks to long-lasting and modern features, our Fiammastore awnings are designed to be easy to use and are sturdy and durable; they are an excellent complement for moments of outdoor relaxation. They are divided into three categories according to the various types of vehicles available on the market.

Wall Installation

It is the most common mounting type and thanks to the wide range of brackets you can mount it on most vehicles in circulation.

Roof Installation

The awning can be installed with special brackets on the roof of the vehicle and it fits the most modern vehicles, resulting in a more compact style.

Rail Installation

The awning is easily installed without additional brackets thanks to the caravan support rail, making installation and removal fast and safe.

- LED
- Rafter
- Tie Down S
- Kit Rain Guard F65
- Kit Awning Hangers
- Shade Sun View
Installation Brackets: standard adapters (provided with the awning) and more than 90 personalized brackets enable the mounting on special profiles.

Extra-Strong Arms: highly resistant reinforced articulated arms with strong 3.5mm wire cables.

Perfect Closing: the Dual Security device indicates the correct closure of the front bar by two small plastic flags inside the side end caps.

Double Guide: double guide on the lead bar allowing the installation of two front panels or other accessories.

Roller support: canopy always tight.

Secure Lock: the legs can be fixed to the ground or to the wall and the height of the lead bar can be adjusted with a telescopic safe and practical system.

Presto Fix: adjusting system to realign the perfect closing of the front bar.

One Way Roll: it’s an ingenious patented mechanism that prevents the canvas from ever retracting the wrong side of the roller tube.

Dual Shock-Absorber: it protects both the vehicle and the awning. The arms are fixed with certified double bolt system which grants more stability and ease of regulation.

LED: different LED lighting versions available: for arms, rafter, lead bar and case.

Accessories: a wide range of accessories available, including the possibility to motorize the awning.

Automatic extra-strong legless awning designed for wall installation

In order to grant maximum comfort the 12V electric awning can easily be opened by using the rocker switch inserted in the wall of the vehicle. The self-supporting arms are reinforced thanks to the sturdy duralumin Double Block that doesn’t require the use of support legs. A wide range of accessories available, including LED lightings for arms, lead bar and case (see p.146 to 148).

Choosing guide

- 12V motorized legless awning (winch automated) equipped with wind sensor
- Wall installation with full length bracket included
- Designed for motorhome
- Lengths from 350 to 450
- Canopy Royal Grey and case Polar White

Models and dimensions

Important: verify with your trusted dealer if your motorhome or motorcaravan is suitable for the installation of the F45eagle with sturdy full length aluminium bracket. The vehicle must be robust enough to support the weight and the tension of the open awning. Fiamma refuses all responsibility for damages to the walls or for water ingress due to incorrect installation or due to installations on weak walls.
The awning for Pop Out Walls

The perfect solution for anyone who has a vehicle with rear and side pop out walls. The fabric of the awning automatically rolls up and extends to one meter. Protects the pop out wall of your vehicle from the sun and damaging effects over time.

Choosing guide

- Awning for pop out walls
- Wall installation with standard brackets included
- Designed for motorhome
- Lengths from 170 to 280
- Canopy Royal Grey and two case finishes

FIAMMA F80s

Modern and compact

F80s, the roof installation awning for motorhome, caravan and van conversions

An awning with an extremely small cross-section to integrate it even better in the contour of the vehicle. The technical solutions which have been implemented mean a more compact awning protrusion [1]. The introduced innovations, like dual prearrangement as standard equipment for LED lighting on the lead bar [2] and on the case [3], in addition to three guides on the lead bar [4], make F80s the go-to solution for all roof-mounted installations.

Choosing guide

- Winch opening and closing. Operation by handle. Electric motor optional
- Roof installation
- Installation brackets optionally available, p.87 to 91
- Suitable for motorhome, caravan and van conversion
- Lengths from 290 to 450
- Different canopy and case finishes available

Canopy finishes

Royal Grey  Royal Blue

Case finishes

Polar White  Titanium  Deep Black

Advantages

- Aerodynamic
- Compact, reliable and robust
- Dual LED predisposition (lead bar + case)
- Equipped with triple guide on the lead bar
- Aluminium end caps for maximum strength
- Motor Kit Compact/Plus, front and side panels, Privacy Room and many other accessories available optionally
FIAMMASTORE • Awning

27

[2 and 3] Dual LED Predefined position in lead bar + case:
- housings for the addition of the optional LED Strip Awning
- full-length lighting kit (5m adhesive strip) are made inside the case and the lead bar

Aluminium end caps:
- new design for the aluminium end caps for maximum strength

Extra-Strong Arms:
- wider, reinforced and articulated arms with double steel cable for optimal canopy tensioning

F80s on Fiat Ducato

Thanks to the brackets designed for installation on specific points, it is the ideal awning for Fiat Ducato, Citroën Jumper and Peugeot Boxer Van conversions

* 1 Tension Rafter made of anodized aluminium included.
Specify the fabric colour you want when ordering by replacing (X) with: R=Royal Grey, Q=Royal Blue.

[1] Compact section:
- case and lead bar are more compact but as strong as ever. The awning has improved aerodynamic performance as a result of having a 20% slimmer cross-section than F65s model

- three guides on the lead bar (highlighted in red in the detail) for fitting two front panels and other accessories

Secure Lock:
- the legs can be fixed to the ground or to the wall and the height of the lead bar can be adjusted with a telescopic safe and practical system

FIAMMA F65L

More compact, elegant and sturdy

F65L. Ideal for larger vehicles

The roof awning F65L is compact, sturdy and elegant, especially suitable for long vehicles. The reinforced cover box [4], available together with the end caps [3] as spare parts for the previous model, makes the F65L modern and stylish, easy to be integrated with the shape of the latest vehicles. The lead bar is predisposed to accommodate LED lights [2] for quick and easy installation.

Choosing guide

- Winch opening and closing. Operation by handle. Electric motor optional
- Roof installation
- Installation brackets optionally available, p.87 to 91
- Suitable for motorhome, caravan and van conversion
- Lengths from 400 to 490
- Different canopy and case finishes available

FIAMMASTORE • Awning
OPTIONAL FIAMMSTORE • Awning

1 Rafter included.
Specify the fabric colour you want when ordering by replacing (X) with: R=Royal Grey, Q=Royal Blue

[1] Compact lead bar and functional design: the modern design is in tune with automotive trends while also enhancing resistance

[2] LED: front-mounted guide for the optional full-length LED lighting kit (see page 158), as well as the possibility to add LED also on the arms and on the Rafter

[3] End caps: new aesthetic design and shape
Extra-Strong Arms: strong reinforced articulated arms with double steel cable that allows you to maintain an optimal fabric tension

Installation brackets: the awning is not provided with brackets, simply choose the most suitable one for your vehicle. More than 40 different kits to choose from

*(1) Secure Lock: the legs can be fixed to the ground or to the wall and the height of the lead bar can be adjusted with a telescopic safe and practical system

*(2) Double Guide: double guide on the lead bar allowing the installation of two front panels or other accessories

* Reinforced cover box: the double-wall reinforcement profile guarantees high resistance to the lateral torsion to which the awning is subjected

- Perfect for motorhome and van conversion
- Lengths from 319 to 400
- Canopy Royal Grey and different case finishes

Canopy finish

- Royal Grey

Case finishes

- Polar White
- Titanium

F65eagle Ducato

Special version of the awning F65eagle designed for installation on the roof of Fiat Ducato, Citroën Jumper and Peugeot Boxer van conversions

F65eagle Ducato model is available for installation exclusively on Fiat Ducato, Citroën Jumper and Peugeot Boxer vehicles H2 after 2006, L2, L3 and L4 lengths. The awning comes complete with dedicated adapter for installation on the vehicle.

Automatic extra-strong legless awning, designed for roof installation

In order to grant maximum comfort and complete safety the new 12V electric awning can easily be opened by using the rocker switch inserted into the wall of the vehicle. The self-supporting arms are reinforced thanks to the sturdy duralumin Double Block that doesn’t require the use of support legs.

Wind Detection System: wind sensor that automatically activates the motor and closes the awning in case of strong wind,

12V motor kit with emergency manual closing

Sturdy knuckle adjustable inclination from 5° to 17°

Wall Control System for Motor Kit
Important: verify with your trusted dealer if your motorhome or motorcaravan is suitable for the installation of the F65eagle. The vehicle must be robust enough to support the weight and the tension of the open awning. Fiamma refuses all responsibility for damages to the roofs or for water ingress due to incorrect installation or due to installations on weak roofs.
Compact design

F40van is a roof-mounting awning designed specifically for camper vans. Thanks to its reduced size and integrated brackets [1], it is the perfect complement to the vehicle. Designed with attention to detail, with automotive style finishings. It unrolls in an overhand motion to guarantee fabric tension.

Choosing guide

- Winch opening and closing. Operation by handle
- Roof installation with optional roof-integrated brackets (p.92), super-compact, reduced projection
- Specially designed for VW T5 and T6
- Automotive style finishing
- Fabric always perfect thanks to the overhand motion unrolling
- Length 270 cm
- Canopy Royal Grey and case Deep Black

Canopy and case finish

- Royal Grey
- Deep Black

Optional enclosures and accessories

Enclosure (p.56 to 57):
- Room Van
- Room Van Premium

Front and side panels (p.44 to 47):
- Side W Pro
- Sun View XL

Roof-integrated brackets
Fast mounting: the roof-integrated brackets are easy and quick to install and uninstall.

Reinforced arms with reduced section (Arms Reverse System): the arm with “reverse” corner opening of -5° enables maximum use of the height under the awning (when the awning is opened the lead bar is higher than the case box) thus not hindering the side door opening/closing when the awning is opened.

Compact and integrated: smaller case box version keeps dimensions to a minimum, so the awning remains compact and aerodynamic.

Automotive style finishing

Frontal guide: allows the installation of an extra front panel or other accessories

Flat legs: thanks to the predefined positions, it grants a quick and controlled opening.

Room Van:
the specific enclosure for this awning is, easy to install, no poles are required, it is connected to the awning lead bar and sides by integrated rails fixed to the arms.

The manual awning for caravans

The CaravanStore is the best choice for caravans, quick and easy to install, fast to open and close, and always stable and safe when deployed. The awning extends by 250cm (from the 280cm version up) to offer a wide area of shade. It is available in ten lengths and two types of bag and fabric to satisfy even the most demanding taste.

Choosing guide

- Awning with manual opening and closing
- Installation: into the vehicle rail
- Suitable for caravan
- Two canopy and bag finishes
- Lengths from 190 to 550cm

Optional enclosures and accessories

Optional enclosures and accessories

Enclosure (p.58 to 59):
- Privacy Room CS Light / XL

Front and side panels (p.44 to 47):
- Blocker Pro
- Blocker
- Sun View XL

Range of accessories (p.68 to 74):
- Tie Down S CaravanStore
- Rafter CaravanStore
- Patio Mat
- Kit Awning Hangers
- Kit Repair Plus
- Shade Sun View 550
**Soft Bag:**
the awning is housed in a bag with anti-scratch tape, equipped with a comfortable and handy self-lubricating zipper. Two colours available: grey and black (new).

**Wall fixing kit:**
rubber kit to ensure protection of the vehicles side wall.

**Extension 250:**
starting from the 280, extension increased to 250cm, ensuring, with equal length, more shade surface than the previous model.

**Partial Opening**
[2] From the 360 model upwards it is possible to partially open the awnings.

**Shade Sun View**
[4] Valence Shade Sun View, 550cm long and available as an accessory (p.45).

**Integrated Legs:**
all legs are stored as standard inside the roller, easy to take out and install because they are hinged and telescopic, they can not fall down or be lost.

**Roller tube:**
strengthened to accommodate the new XL extension. The system allows the fabric to be rolled in two directions, allowing the maximum ease of operation.

**Easy Regulation:**
arms / rafters adjustment system with different canopy fabric extension position.

**Easy Installation:**
This awning can be installed with brackets (p.93 to 95) that are fixed on the walls or on roof rails. The installation and the removal from the roof-rack is very quick thanks to the optional mounting kit which doesn’t require drilling. The awning can also be slid into the caravan’s rail without additional brackets, locking it with a safety screw.

**Roller Tube:**
It enables the fabric to be rolled in two directions ensuring a maximum ease of operation.

**Double Guide:**
Double guide on the lead bar/roller tube allowing the use of more accessories at the same time.

**Legs In:**
The legs are stored inside the roller tube and are easy to take out and install as they are hinged and telescopic, so they cannot fall down or be lost.

**Hard Box:**
Super lightweight anodized aluminium case, Titanium or Deep Black finish.

**Fast opening**

The light and multifunctional compass awning!

A simple solution for Camper Vans and SUVs that allows you to protect yourself from the sun. The awning is disposed at 270° around the vehicle and is characterized by extreme ease of assembly and disassembly. It is therefore suitable for any occasion, from touring to a trip outdoors, from a simple picnic to a few hours of relaxing.

Installation

**On 4 x 4s**

Installation can be done using Fiamma adapters Kit 98655-310 (Kit Auto) and 98655-770 (Kit Roof Rail) to be mounted on the roof cross bars of the vehicle (before starting installation verify the fixing height - min 200cm / max 220cm).

**On Camper vans**

- Installation can be done using Fiamma Adapter Kit 98655Z018 on VW T5 and T6 Multivan and Transporter models
- For installation on Renault Trafic, see specific brackets at page 95

Attention: when the awning is fully open, for safety reasons, it only allows partial opening of the rear door.

Enclosures

Blocker & Side

- Front and side panels for winch and manual awnings
- They can be installed on all winch awnings (F45/F70/F65) and all manual awnings (CaravanStore and F35 Pro). When combining a Blocker Pro with 2 x Side W Pro, you can double your living space and privacy at an inexpensive price

Privacy Room

- Enclosure composed of a front panel and two side panels to connect to the awning
- Designed for F45s, F70 and F45L awnings, F80s and F65L only is installed on Fiat Ducato, Citroen Jumper & Peugeot Boxer after 06/2006 or Caravan.
- UV resistant, waterproof and washable vinyl fabric
- Delivered as standard with Fast Clip aluminium poles that work with Sandwich closing system

Privacy Room light

- Enclosure composed of front panel and two side panels to connect to the awning
- Ideal for F45s and F70 awnings
- Made from durable weather resistant grey polyester
- Delivered as standard with Fast Clip Light aluminium poles, equipped with lever hooks for quick and easy installation

Privacy ultra light

- Complete Privacy composed of a roof, sides and front in one piece to connect to the awning
- Designed for F45s, F70, F45L, F80s and F65L awnings
- Made of Ripstop fabric. Light and resistant to scratches and tears
- Delivered as standard with installation kit and support cross rafters for Fiamma awnings
Room van

- Complete enclosure composed of incorporated and self ventilated roof, blind side panels and transparent front panel equipped with roller blind
- Developed for the F40van awning
- Made of Ripstop fabric, light and resistant to scratches and lacerations
- No additional poles required

Privacy Room cs light / XL

- Enclosure composed of a front panel and two side panels to connect to the awning
- Ideal for CaravanStore and also the F35 Pro (270 and 300) if installed on caravans (mounted height 230-260cm). Ideal for installation on F35 Pro 250 & 270 when installed on Campervans that are mounted between 180-220cm.
- Made from weather resistant grey polyester
- Delivered as standard with Fast Clip CS aluminium poles

Fiamma ZIP

- Winch awning complete with enclosure (front and side panels)
- Based on F45 awning
- Canopy with ZIP system, ensuring quick installation
- Enclosure in White and Grey vinyl fabric
- Delivered as standard with aluminium Rapid Set poles with tension Rafter

CaravanStore ZIP XL

- Manual awning complete with enclosure (front and side panels)
- Based on CaravanStore awning
- Canopy with ZIP system, ensuring quick installation
- Enclosure in White and Grey vinyl fabric
- Delivered as standard with Rapid Set CS poles, CaravanStore Support Leg and Rafter CaravanStore
From the awning to the tent

Fiamma enclosures are ideal for any kind of recreational vehicle, from motorhomes to van conversions, from caravans to campervans. Fiamma has a wide range of enclosures for all needs; awnings completed with enclosures (Fiamma ZIP and CaravanStore ZIP); Privacy Room enclosures that transform your Fiamma awning into a comfortable living area; front and side panels that you can buy separately to compose your space as you like.

FIAMMASTORE • Enclosure
A complete, versatile range of front walls

To complete our restyling of our Blocker front walls, we are introducing the new Sun View XL, a front wall in translucent light filtering fabric, which partially blocks out light, and the new 100cm size for the Blocker Pro [1] and Sun View XL [3]. These handy panels partition off access to the awning’s restful shade in a simple and very practical way. They are in great demand for their versatility and are suitable for all Fiamma awnings, and can also be used on other brands of awnings that have a guide rail in the front lead bar.

[1] New, practical and safe leg fixing system. [B] The internal part of the front panel is now equipped as standard with a profile that allows the insertion of the curtains (optional).

**BLOCKER PRO**

[1] Front panel is equipped with one large full light Crystal window and vinyl extension to the floor. Gives you more privacy and protection against the wind. Made of anti-rot vinyl, washable fabric with UV protection.

Delivered as standard with:
- elastic hooks and pegs

**BLOCKER**

[2] Convenient front panel that protects you from sun light and rain and gives you more privacy.

Delivered as standard with:
- ropes and pegs
**SUN VIEW XL**

[3] Convenient front panel made with translucent light filtering material. Can be rolled up thanks to useful fixing clips. Delivered as standard with:
- ropes and pegs

**SHADE SUN VIEW**

[4] Shade valance made with translucent light filtering material to protect from sun and rain extending the shade surface.
Suitable for all awning models and other awning brands with guide in the lead bar. 550cm. long easily adjustable to the length of the awning.

- Suitable for  * New length  ** Renewed  * Suitable for Omnistor 5102 awning too
A full range of side walls to offer complete privacy as well as acting as a wind barrier

To round out our side walls range, we are introducing for the new season a restyling of the Sun View Side side wall in translucent light filtering fabric. We are also introducing the Side W Pro in the F40van version, a versatile roof mounting awning designed specifically for minivans.

SIDE W PRO

[5] Side panel with a large full light Crystal window and vinyl extension to the floor. Made of rot-proof vinyl, washable fabric with UV protection. Simple to install. Delivered as standard with:
- aluminium tension rafter
- elastic hooks and pegs

SIDE W PRO SHADE

[6] Side panel made of anti-rot vinyl, washable fabric with UV protection. Equipped with one large full light Crystal window with roller blind and grey extension to the ground. Available in left and right version. Delivered as standard with:
- aluminium tension rafter
- elastic hooks and pegs

Practical, safe and quick leg fixing system [A].

Outstanding compatibility

Side panels can be installed on either side of the awning and are suitable for all Fiamma awnings (F45, F70, F80, F65, CaravanStore and F35pro). It is also possible to use the Side panels on other brands of awning (when using the optional Kit Side).
SIDE W CARAVANSTORE

Simple to install.
Delivered as standard with:
- aluminium tension rafter
- elastic hooks and pegs

SUN VIEW SIDE

[8] Convenient side panel for Fiamma F45/F65 awnings.
Made with translucent light filtering material. Easy to fix.
Delivered as standard with:
- aluminium tension rafter
- ropes and pegs

Side panels grant you privacy and at the same time provide protection against the wind. The Side panels can be installed on either side of the awning and are suitable for all Fiamma awnings (F45, F70, F80, F65, CaravanStore and F35pro). It is also possible to use the Side panels on other brands of awning (when using the optional Kit Side).

The Kit Side allow installation of Side W Pro F45, Side W Pro Shade and the Sun View Side F45 on F80/F65 and F70 awnings (○) and on Omnistor 5002/5003/4900 and Tristor/Tristor 2 awnings.

* The version Side W Pro is also suitable for Omnistor 5102 awning

Suitable for ●  Suitable by using the Kit Side ○  New ★  Renewed ★★
In fifteen minutes you double the space available for your family

The classic Fiamma enclosure suitable for all seasons. Elegant and modern design with widened windows, all opening, equipped with mosquito net and curtains. With the Privacy Room you have a living and shaded area, ventilated or closed according to your needs.

Easy installation

The side panels are quickly put together with the exclusive patented Fast Clip that combines the canopy with the side walls.

No other fixing system is as stable as the Fiamma Fast Clip. A protective sponge is fitted, vertically, on the back part of the side panels along the support pole to guarantee a close fit.

The front panel is inserted in the front rail of the awning and is joined to the side panels through zippers.
Choosing guide

Awning

Privacy Room is designed for F45s, F70 and F45L awnings. It can also be mounted on previous models F45Ti / TiL, F45i and F45i L, F80s, F65s and F65L only if installed on Fiat Ducato, Citroën Jumper and Peugeot Boxer after 06/2006 or Caravan. It also fits perfectly to the Omnistor 5002, 5003, 4900 and Tristor 2.

Windows

Front and side panels are composed of openable crystal windows (with curtains included) equipped with mosquito net and a velcro strip for safe closing of the window.

Structure

Fast Clip, for a safe, quick and easy installation. The system works with the principle of the two profiles hinged with the spring-system Quick Lock and fastened in the Sandwich way. Made of anodized aluminium. The anti-wind support Magic Privacy is an optional extra and offers perfect stability.

Colours & Materials

UV resistant, waterproof and washable vinyl fabric, colour: white and grey.

Front Panel

The door can be mounted on either the left hand side or on the right hand side.

Quick to install:
double your living space

With a Privacy Room you transform your awning into a comfortable living area and make more space available for the entire family.

Delivered as standard with

- 1x front panel with door and window with mosquito net
- 2x side panels with windows with mosquito net
- 1x curtain kit for all the windows of the enclosure
- 1x Fast Clip installation kit (2+2 aluminium tension poles)
- 1x Kit elastic ropes with quick hooks
- 1x Mega Bag (page 73), dim. 140x27x40cm.

Curtains for all windows delivered as standard

** This model is suitable for vehicles with straight wall, height from ground 245-280cm.
Privacy Room light

The light and compact Fiamma enclosure for your holidays

The light version of the Privacy Room enclosure. Made of durable weather resistant grey polyester, that once folded, takes up little space and is really very light. Suitable for summer or mid-season. The front panel is made up of an opening window and a mosquito net, the two side panels are provided with opening window and mosquito net for a good ventilation.

Choosing guide

Awning

Privacy Room Light is ideal for F45s, F45L and F70 awnings. It can also be mounted on previous models F45Ti / TiL, F45i and F45i L. It also fits perfectly to the Omnistor 5002, 5003, 4900 and Tristor 2.

Windows

One openable Crystal window equipped with mosquito net and two side windows equipped with roller blind and mosquito screen.

Structure

Fast Clip Light is equipped with lever hooks for easy and quick installation.

Colours & Materials

Made of durable weather resistant grey polyester.

Front Panel

The door can be mounted on either the left hand side or on the right hand side.

Easy installation

The front panel slides in the guide of the front bar and thanks to the auto-lubricant zippers fastens easily to the side panels. The side panels stick to the wall of the vehicle with the elastic ropes that are delivered as standard and are provided with quick hooks.
Delivered as standard with

- 1x Front panel with openable window and mosquito net
- 2x Side panels provided with roller blind and mosquito screens
- 1x Curtain kit for the window of the front panel
- 1x Fast Clip Light installation kit (2 aluminium poles)
- 1x Kit pegs for safe fixing to the ground
- 1x Kit elastic ropes with quick hooks
- 1x Mega Bag Light (page 73), dim. 140x25x25cm.

Optional accessories

- [1] Pack Organizer Privacy
- Moskito Net Door
- Kit Magic Privacy
- Door Pole
  and more, see p.75 to 77

Curtains delivered as standard

The cool and ultra light Privacy that can be assembled in just a moment

Its speed of installation and mounting versatility, on straight or shaped wall, together with its ease of use, make this product particularly interesting. Great for short stays, weekends and for those who like to move fast. Particularly suitable for use in warmer seasons.

Light, durable and quick to assemble

Ripstop fabric, quality guaranteed
Privacy Ultra Light is made from Ripstop material, a lightweight and tear-resistant fabric. The mesh of the Ripstop fabric is characterized by a weave of threads through different sections that create strength and sturdiness, whilst remaining light. Because of its lightweight, the user can assemble the room quickly and easily. Installation can easily be carried out by just one person.

Ventilated roof for optimal temperature

Improved comfort
The double roof, (the awning fabric and the Ripstop Privacy roof) creates an air chamber with constant ventilation thus lowering the temperature inside the Privacy room. The side panels can be completely rolled up to offer greater comfort and coolness and are both equipped with mosquito nets.

Great versatility
Possibility to increase the shade surface
The Privacy Ultra Light allows you to fully open the side panels extending the shade surface.
Delivered as standard with

- 1x Complete Privacy composed of a roof, sides and front in one piece
- 1x Curtain kit for the window of the front panel
- 1x Installation kit for Fiamma awnings
- 1x Kit Support cross rafters
- 1x Pegs and elastic kit
- 1x Transport bag (Mega Bag for models 400 and 450, mega Bag Light for models Van 260, 300 and 350), see page 73

Optional accessories

- Rafter (98655A007 / 98655A002, p.68): tensioner to increase stability
- Kit Poles (06537-01-, p.77): vertical poles for Side opening
- Door Pole (05161-02-/05161-08-, p.75): vertical pole to reinforce the door
- Privacy Rail Kit (07364-01-, p.76): 4 rails 100 cm each. for the installation of the Organizer range (S, L, Shoes and Toiletry) inside the Privacy Room.

Curtains delivered as standard
The Privacy for the F40van awning offers excellent comfort and functionality

Two different solutions, both offering ideal comfort and protection. The new "Premium" variant is equipped with an entrance door and roll-up side windows with mosquito net.
The Room Van version, on the other hand, is a simpler solution which can be used as a changing room or wind protection for short stop-overs, weekends and when you want to move on quickly.

Quick and easy to use

No poles required for installation in order to optimise the space. It is connected to the F40van awning lead bar and sides without poles. Lightweight and tear resistant, thanks to the ripstop fabric. It takes up very little space when in the bag, which is delivered as standard.

Technical features

• Developed for F40van awning
• Incorporated and self ventilated roof
• No additional poles required
• Ripstop fabric, light and resistant to scratches and tears
• Possibility of anchoring to the awning support legs
• Room Van: Blind side panels and transparent front panel equipped with roller blind for maximum privacy
Room Van Premium: Side panels with roll-up side windows and mosquito net and transparent front panel equipped with roller blind and entrance door
Advantages

- Lightweight
- Quick to install
- No poles required, ultra-rapid mounting, it is fixed directly to the awning arms and lead bar
- Roof, sides and front in one piece
- Possibility to increase the shade surface extending the front panel with optional Kit poles (item no. 06537-01-)
- Compact, when folded it takes up very little space in the bag which is delivered as standard

[1] Room Van Premium: with front panel door and side panel mosquito nets
[2] Room Van: with transparent side front panel and plain side panels
Privacy Room cs light XL

The compact enclosure for your CaravanStore or F35pro, light in weight and lighter in price

The Privacy Room CS Light, made of durable weather resistant grey polyester, that once folded, takes up little space and is really very light. Suitable for summer or mid-season. The front panel is made up of an opening window and a mosquito net, the two side panels are provided with opening window and mosquito net for a good ventilation.

Choosing guide

Awning

Privacy Room CS Light is ideal for CaravanStore and F35 Pro awnings.
With the Kit Hobby CaravanStore (Item No. 98655-034, see p. 90) you can mount the Privacy Room.

Windows

One openable Crystal window equipped with mosquito net and two side windows equipped with roller blind and mosquito screen.

Structure

Fast Clip CS, the aluminium profiles with internal easy clamps, that are composed of two pieces that ensure secure fastening.

Materials

Made of durable weather resistant grey polyester.

Front & Side Panels

The door can be mounted on either the left hand side or on the right hand side. The front panel, with openable window and mosquito screen, slides in the front rail of the roller tube and thanks to the auto-lubricant zippers it's easy to fasten the lateral panels. The side panels slide in the specific rail of the aluminium profiles Fast Clip CS and are provided with large openable windows with mosquito nets.
Delivered as standard with

- 1x front panel with opening window and mosquito net
- 2x side panels provided with roller blind and mosquito screens
- 1x curtain kit for the window/s of the front panel
- 1x Fast Clip CS installation kit (2 aluminium poles)
- 1x pegs and elastic kit
- 1x Mega Bag Light (p.70), dim. 140x25x25cm.

Models and dimensions

For awning F35pro 270 installed on a caravan choose the item 05815-02-; for awning F35pro 300 installed on a caravan choose the item 05815-03- with adapter Kit 98655-925
The only winch awning complete with front and side panels and ZIP fasteners

Easy and strong ZIP combination of awning and enclosure for the most perfect fit. The innovative Fiamma ZIP system joins the side panels to the fabric of the awning with two special sturdy zippers.

Easy installation

Windows

Front and side panels are composed of openable crystal windows, equipped with mosquito net and a velcro strip for safe closing of the window.

Structure

Aluminium Rapid Set poles and tension Rafter. The anti-wind support Magic Privacy is as an optional extra available for perfect stability of the enclosure (see page 75).

Colours & Materials

Enclosure with vinyl fabric. Awning in Polar White case and canopy in either Royal Grey or Royal Blue.

Front Panel

Front panels are interchangeable. This means that door and window can be mounted on either the left hand side or on the right hand side.

Choosing guide

Awning

Fiamma ZIP is based on F45 awnings. Canopy has a ZIP system allowing a fast installation. For more info about F45 see pages 16-17/22-23.
The product is complete with awning and privacy (one front panel and two side panels), the two products are joined together with zippers that allow an easy and quick installation.

Range of accessories (p.75 to 77):
- Moskito Net Door: door with mosquito net
- Pack Organizer Privacy: folding container to optimize the space inside the enclosure
- Kit Magic Privacy
- Door Pole
  .... and more.

* 1 Rafter included  ** 1 Rafter and 1 Door Pole included
Specify the fabric colour you want when ordering by replacing (X) with: R=Royal Grey, Q=Royal Blue.
The complete solution: manual awning and enclosure, complete with windproof and waterproof zip fasteners

The CaravanStore ZIP comes complete with both awning and enclosure. The innovative CaravanStore ZIP system joins the side panels to the awning’s fabric with two special sturdy zips. In a few minutes the awning can be transformed into a complete enclosure, doubling your living space.

Choosing guide

Awning
CaravanStore ZIP is based on Fiamma CaravanStore. Canopy has a ZIP system allowing a fast installation. For more info about CaravanStore see pages 34-35.

Windows
Front and side panels are composed of openable crystal windows, equipped with mosquito net and a velcro strip for safe closing of the window.

Structure
Structure Rapid Set CS, CaravanStore Support Leg (from 3.60m length) and Rafter CaravanStore (for 4.40m length). The anti-wind support Magic Privacy is an optional extra to stabilise the enclosure (see page 75).

Colours & Materials
Enclosure with White and Grey vinyl fabric. Awning with grey bag and canopy in either Royal Grey or Royal Blue.

Front Panel
Front panels are interchangeable. This means that door and window can be mounted on either the left hand side or on the right hand side.

Technical features
• The Flexyblock system strengthens the rafter tension given the increased extension
• Sturdier roller tube internal Knuckle, which guarantee maximum stability when opening the awning
• The roller tube has been reinforced to cater for the improved rafter support legs, because of the new greater extension
• Improved support poles and reinforced side panels
• Longer side panels with widened windows
Curtains for all windows delivered as standard

Delivered as standard with

- 1x Awning (CaravanStore type)
- 1x Front panel with window with mosquito net and rollable door
- 2x Side panels with windows with mosquito net
- 1x Curtain kit for all the windows of the enclosure
- 1x Rapid Set CS installation kit (2+2 aluminium tension poles)
- 1x Kit elastic hooks for secure fixing
- 1x Storage bag Mega Bag (page 73), dim. 140x27x40cm.

The product is complete with awning and privacy (one front panel and two side panels), the two products are joined together with zippers that allow an easy and quick installation.

Range of accessories (p.75 to 77):

- Moskito Net Door: door with mosquito net
- Pack Organizer Privacy: folding container to optimize the space inside the enclosure
- Kit Magic Privacy
- Door Pole
- .... and more.

Enclosures for rear door of campervan and van conversions

This makes the best use of the available space at the rear door of your campervan or van conversion. It is ideal to increase the shaded area, privacy and comfort. Makes a great addition to the awning/enclosure on the side of the vehicle.

Enclosure for the rear doors of Fiat Ducato, Citroën Jumper and Peugeot Boxer H2 after 06/2006 and Mercedes Sprinter H2 after 2006 (before 2008)

[1] Quick to install, supplied with side panels and front panel that can be rolled up. Rear Door Cover gives you more privacy. The upper rafter and rail keep the fabric tight. The double rail is attached to the water gutter of the Ducato, the aluminium rafter secures the opening of the two rear doors, keeping the fabric tight. The door can be rolled up.

Delivered as standard with:
- 1x awning with side and front panels
- 1x double rail in reinforced pvc
- 1x rafter to increase stability
- 1x Kit pegs
- 1x kit of tension elastics

Innovative enclosure for the rear door of VW T5/T6

[2] Quick installation both on standard rear doors and on rear doors with Carry-Bike installed (with no bikes). Side elastic belts tighten the awning on the rear door.

Delivered as standard with:
- 1x complete enclosure for the rear of the vehicle with an openable door that can be rolled up or extended. Equipped with mosquito screen
- 1x set of floor poles
- 1x kit of tension elastics
- 1x Kit pegs
- 1x Mega Bag Light

Kit Poles

[3] Set of aluminium poles (Kit Poles) to extend the door as an additional canopy.

Protection against wind and rain that also eliminates draught

Suitable for all Fiamma Privacy Rooms and can be easily shortened. Available in four versions:

- [1] Motorhome (L: 550cm, H: 60cm)
- [2] Caravan (L: 450cm, H: 60cm)
- [3] VW T5/T6 (L: 250cm, H:42 cm)
- [4] Ducato (L: 497cm, H:45 cm)

The Ducato version is suitable for the following wheel base:

- 3450, length of the vehicle 5416mm (L2)
- 4035, length of the vehicle 5998mm (L3)
- 4035, length of the vehicle 6363mm (L4)

The Caravan version slides into the standard rail of the vehicle. The Motorhome and Caravan versions are delivered as standard with installation kit including snap fasteners and skirting protection for the wheel arch gaps. The Ducato and VW T5/T6 versions are delivered as standard with elastic fixing straps, wheel cover and magnets.

Motor Kit F80s

**Maximum integration, minimum dimensions**

12V Motor kit designed for the new F80s awning can be used to motorise all lengths (up to 450cm). Small in size, with aluminium cap, it is perfectly integrated in the design of the awning and increases its length by just 12cm.

**Two versions available**

The Motor Kit for F80s is available in two versions: Compact and Plus.

The Plus version differs from the Compact one in that it has an infrared remote control.

For both versions, the motor can be operated by a control (button) on the wall provided as standard with the motor kit. In an emergency, the awning can be opened and closed manually simply by using the standard crank handle.

---

**Motor Kit Compact**

[1] 12V Motor Kit complete with aluminium cap and Control System wall control panel, which allows you to conveniently operate the motor via the wall button, provided as standard with the motor kit.

**Motor Kit Plus**

[2] This version is supplied with motor, aluminium cap, Control System control panel and remote control. The Plus version has two functions: wall control of the Motor kit (like the Compact version) and remote control with infrared remote control. The control unit allows the self-tensioning of the fabric when opening and the opening and closing operations also with the “one touch” automotive system.

Motor Kit for Fiamma F45s, F45L, F65s and F65L

[1] Fiamma offers you the optional 12V Motor Kit that can be installed on your awning even after mounting. The Motor Kit also allows manual opening and closing in override mode. The standard Motor Kit extends the total length of the awning by about 13cm; while the integrated Motor Kit doesn’t increase the total length of the awning.

The original awning with the 12V tubular Motor Kit

[2] Fiamma 12V Motor Kit can be installed on your F65s awning, without extending its total length. The integrated Motor Kit can be easily installed by taking the cap off the manual winch. If the engine stops working (for example due to lack of current), the patented version is complete with integrated manual emergency override, operable in one minute. Control System delivered as standard.

Left version of F45s and Right version of F65L available on request. The Motor Kit is not suitable for Fiamma ZIP awnings (pages 60-61)
Rafter tensioners

Rafter: the fabric is always perfectly tensioned

Rafter in aluminum keeps the fabric tensioned, eliminates water pooling and noisy flapping caused by wind. Easy to install without damaging the awning. Delivered as standard with special wall clips for handy storage inside the vehicle. Complete with rubber ends so as to be installed on other awning brands.

RAFTER

[1] Adjustable length: 145-250cm. Suitable for models F45, F80 and F65 and for awnings with extension up to 250cm. and for length up to 550cm.

RAFTER PRO

[2] Made of two sturdy anodized aluminium telescopic bars. Adjustable in length from 145 to 250cm. Limited usage at high temperatures as it may affect the fabric tension.

RAFTER CARAVANSTORE / XL

Delivered as standard with:
- CaravanStore XL 410 and 440cm
- CaravanStore ZIP 440cm
- Side, Side W and Side W Pro CaravanStore / XL

Optional for:
- CaravanStore 255 to 360cm
- F35pro 250 to 300cm

Magicrafter tensioners

MAGICRAFTER

[1] It is easily installed by hooking the ends onto the awning arms, while keeping them tight to avoid bending. For awnings from 250 to 400cm.

MAGICRAFTER PRO

[2] Comes complete with two special brackets to fix in the knuckles of the arms in order to keep the fabric tensioned. Easy to install. When not in use it takes up little space. Limited usage at high temperatures. For awnings from 350 to 450cm.

**KIT AWNING PEGS**

[1] System of highly resistant screw pegs ideal for awnings, enclosures and mats. Sturdy and easy to use. Made of tough UV resistant plastic. You can screw them in the ground manually by using the special key which is delivered as standard or by connecting them to an electric screwdriver. They are lighter than the standard metal pegs and have a higher resistance thanks to the new spiral design. Ideal for soft and sandy grounds. Easier to extract by unscrewing them.

Kit composed by:
- 8x Awning Peg stakes (A), 20cm long
- 8x Awning Peg S stakes (B) 14cm long
- 8x hooks (C)
- 1x handle
- 2x Awning Plates
- 1x comfortable and resistant bag with zip fastener
- 2x steel hooks

**KIT AWNING PLATE**

[2] Ideal for fixing front legs to the ground, in order to increase the resistance in case of strong wind. Made with extra strong plastic. It is suitable for all types of Fiamma and Thule/Omnistor awning legs. Delivered with ground pegs. Colour: grey. Dimensions: 20x20cm. Kit includes 2 pieces.

Description | Weight | Item No.
--- | --- | ---
[1] Kit Awning Pegs | 0.6 kg | 98655-880
[2] Kit Awning Plate | 0.3 kg | 98655-724
TIE DOWN

[1] Useful strap to keep the awning firmly anchored to the ground in light wind. It fits crank awnings up to 600cm in length.
Composed of:
• 1x adjustable band (11m), in black or yellow
• 2x stakes
• 1x tension spring.

TIE DOWN S

[2] Strap kit allowing a solid anchoring of the awning to the ground.
Fits into the awning guide (of F45s/L, F80s, F65s/L, F35pro or CaravanStore) or the side clip of the Privacy-Room.
Composed of:
• 2x adjustable bands (300 cm), in black or yellow
• 2x stakes and 2 tension springs
• 2x frontal hooks (for F45, F80, F65 with double guide on the lead bar or CaravanStore/F35).

The version "Tie Down S CaravanStore" fits into the leg of the CaravanStore / F35pro awning.

Patio-Mat  awning mat

The essential mat for your awning and Privacy Room

The new design makes it more discreet, leaving unchanged the technical features that make it one of the most appreciated mats among camper owners. It is available in five different lengths (new length 490) to fit the Fiammastore range.

Made of small resistant polypropylene pipes, allowing the air to pass through leaving the carpet really light and easy to carry. Easy to clean the dirt from the surface by rinsing with water. Washable, flame retardant and also UV resistant, maintains its colour and the technical features over time.

With bands on the corners for pegs (not included) and elegant border along all sides

With Patata-Bag, handy travel bag made of breathable material, optional available

KIT AWNING HANGERS

[1] Kit composed of 6 hooks to insert in the lead bar profile.
Ideal for hanging light objects.
Suitable for other brands of awnings with 7mm slots.

SPOILER S

[2] The Spoiler offers protection against damage and noise by reducing wind resistance and improving the aesthetics of the vehicle. Easy to adapt to all brands of awnings.
It can be attached both right or left.
It is made of ABS PLUS with coextruded UV protection.
We recommend only SIKA 225 for wall fastening.
Colour: White (Polar White).

MEGA BAG

[3] Large strong bag, ideal for storing the Privacy Room, but can also be used for the front and side walls of the Blocker and Side range.
Colour: black/grey.

CRANK HANDLE

Crank handle in light aluminium, available in 3 versions:
- **Short**: ideal for Minivans (delivered as standard with F45s 190 and F40Van).
- **Standard**: ideal for all Motorhomes, easy to shorten (delivered as standard with F45s up to 450).
- **Telescopic**: telescopic crank handle with fixed handle, ideal for high motorhomes and roof awnings (delivered as standard with F70, F45L, F80s, F65L and F65s).

KIT REPAIR PLUS

It is no longer necessary to replace the fabric of the awning if it gets cut.
With the Kit Repair Plus from Fiamma, DIY repair is very quick.
Kit includes 3 transparent PVC strips (Dim. 8x15cm each) that can be cut to size.

Convenient rubber guard to seal the space between the awning and the vehicle wall to prevent water infiltration. Also available the pre-cut 5.5m kits, in addition to the current bulk rolls, that work with any awning in the complete Fiammastore range.

**RAIN GUARD LOWER**
[1] For awnings F45s/L and F70 with suspended installation spaced from the wall. Installation in the special guide of the case.

**RAIN GUARD M**
[3] For awnings, mounted with adapter spaced out from the wall (up to 4cm) or on curved walls.

**KIT RAIN GUARD CALIFORNIA**

**KIT RAIN GUARD F80/F65**
[7] For roof awnings F80s, F65s and F65L. Covers the whole space between the roof and the awning. Made of strong EPDM. Two Kits available: 450cm long and 50cm long.

**RAIN GUARD S**

**RAIN GUARD L**
[4] For awnings, mounted with adapter spaced out from the wall (up to 9cm) or on curved walls.

**KIT RAIN GUARD VAN**
[6] For awnings F45s and F35pro installed on camper vans spaced out from the wall. Length 300 cm.

**KIT RAIN GUARD F40van**
[8] For awning F40van. Length 270 cm.

**KIT RAIN GUARD F80/F65**
[7] For roof awnings F80s, F65s and F65L. Covers the whole space between the roof and the awning. Made of strong EPDM. Two Kits available: 450cm long and 50cm long.
Kit Rain Guard F40van

More aerodynamic and dry

[8] Designed for the F40van and consisting of two covers and a joint, it makes the awning even more integrated with the contour of the vehicle. In this way, the awning is, at the same time, more aerodynamic thanks to the covers that improve air resistance and dryness, thanks to the seal that prevents water infiltration that can form between the installed bracket and the vehicle roof.

Available for:
• VW T5/T6
• Ford Custom
• Mercedes V Class

RAIN CAPS

[9] Pair of seals to prevent water infiltration into the Privacy Room when it is raining. Rain caps are suitable for F45s, F45L, Fiamma Zip S and Fiamma Zip L.
Adapters F45 / F70

Standard finish
The classic aluminium finish of Fiamma brackets

Black finish*
Black finish to make the brackets less visible on the vehicle profile

Kit Rain Guard F40van

New kits for Ford Custom and Mercedes V Class

The range of brackets for the F40van awning is extended and consequently also the relative covers and rubber guard to make the awning perfectly integrated with the vehicle shape. In this way the awning is more aerodynamic thanks to the covers that improve its resistance to air, and at the same time dry, thanks to the seal that prevents the passage of water that can occur between the mounting bracket and the roof of the vehicle. Details at pages 78/79.

FAQ - Frequently Asked Questions

Q - Do you have Fiamma dealers in my area?
A - To find your nearest Fiamma dealer, visit our web page "points of sales" on fiamma.com site.

Q - Can I purchase Fiamma accessories directly from Fiamma?
A - No, you can't buy directly from Fiamma. However you can easily place an order to your nearest Fiamma dealer (click on "points of sale" on our web site fiamma.com).

Q - Can I purchase Fiamma spare-parts directly from Fiamma?
A - To buy Fiamma spare parts please address your request to your reliable dealer.

Q - Can I bring my products to Fiamma to get them repaired?
A - No, we don't have a public service point but we suggest you to apply to a Fiamma dealer listed on "points of sales" on fiamma.com.

Q - How long does Fiamma warranty last and how does it work?
A - The warranty on Fiamma products lasts 2 years. It is necessary to have the relevant invoice/receipt of your product when visiting your dealer.

Q - What information must I provide to the service point to order spare parts?
A - The model of the product and its serial number (for awnings and Carry-Bikes), a copy of the relevant proof of purchase if the product is under warranty.

Q - Where is the S/N (Serial Number) of the awning?
A - The S/N of the awnings is on the internal side of the leadbar (F35/CaravanStore) or on the right arm (F45/F80/F65/Eagle); in order to read it you must open the awning.

Q - What awning can I install on my vehicle?
A - The choice of the awning depends on several factors: type of vehicle (motorhome, caravan, van), and type of structure. Our catalogue provides useful information to understand which is the suitable product for you. For specific information we always recommend that you consult your dealer.

Q - What is the difference between F45/F70 and F80/F65?
A - The fundamental difference between these two models is that F45/F70 is suitable for installation on the wall of the vehicle while the F80/F65 is on the roof of the vehicle. The choice must be made according to the shape of the vehicle; when possible (when the wall of the motorhome is flat and with no windows, etc.) is always better to choose an F45/F70.

Q - What is the difference between the F45/F70 awning and F35pro awning?
A - The F45 (like the F80/F65) awning is the top of our line, high technology, with automatic opening using a crank handle. The F35pro awning has a smaller case, is less expensive and lighter and the opening/closing operation is manual, rolling the fabric in and out by hand.

Q - Are the installation adapters standard delivered with my awning?
A - A standard set of adapters (Kit AS 110/120/400 o 400L) is delivered with every F45s, F70 and F45L awning. We also have many other adapter kits specially designed for specific vehicles. The F45 Eagle awnings are delivered with full length AS bracket. The CaravanStore and the F35pro can be installed in the caravan awning rail where possible, otherwise you can order separately specific adapters. The Fiamma F80/F65 awnings are always supplied without adapters as the mounting system is different depending on what type of vehicle you have, so you have to order the installation brackets separately.

Q - Can I equip my Fiamma awning with a 12V motor afterwards?
A - Only the F45s, F45L and F80/F65 can be equipped with a 12V motor afterwards. CaravanStore and F35pro can not be motorized.

Q - Do Fiamma awnings always include a central rafter?
A - Not always. All F45 and F80/F65 awnings from 4.00m length are standard delivered with central tension rafter with the exception of the Eagle versions. One Rafter CaravanStore (Item No. 03988-01-) is standard included in the CaravanStore 4.10m and 1 Rafter + 1 CaravanStore Support Leg in CaravanStore 4.40m. In all other awning lengths the Rafter must be acquired as an optional accessory.

Q - Does my awning have support legs?
A - Yes, Support legs are included in all of our awnings from 2.00m lengths onward. They are attached permanently to the awning and fold up inside the case when the awning is closed. Our Eagle awnings are self supporting and do not include support legs.

Q - What is the difference between the support legs on the floor or on wall (using the appropriate brackets supplied as standard)?
A - It is always necessary to use support legs when opening an awning. The only exceptions are the Eagle models, which, not having the legs, are equipped with reinforced arms and structure. Fixing the legs to the ground, with the proper pegs, or on the wall of the vehicle with the suitable brackets, are both correct methods of operation.

Q - For the Fiamma ZIP and CaravanStore ZIP can I buy the awning and the enclosure separately?
A - No, ZIP versions are sold only complete. However, in special cases, you can require only the awning or only the complete closure (frontal + side panels) by replacing the complete closure of a damaged product.

Q - What can be used to clean my awning fabric?
A - The best way to clean it is to use water with a cloth or a soft brush. If it is very dirty, add some degreasing detergent to the water. Make sure to rinse carefully any remaining detergent on the fabric.

Q - How far can I extend the awning?
A - You can unroll the awning stopping at any distance you prefer. When the awning is fully extended, the fabric can sag lightly, just roll it back for about one turn to put it in tension again.

Q - Can I use my awning to protect me from the rain?
A - The awning is meant to shelter you from the sun and moderate rain. Therefore, we recommend you close the awning in case of strong wind, heavy rain or snow. For moderate rain use the central rafter and lower one leg to allow water running off. Water pooling can stretch the fabric causing faulty closing. Be careful because the fabrics with this kind of problem are not covered by warranty.

Q - Can I drive when my CaravanStore is mounted?
A - Only the F45s, F45L and F80/F65 can be equipped with a 12V motor afterwards. CaravanStore and F35pro can not be motorized.

Q - Can I drive my when my CaravanStore is mounted?
A - For small and longer distances, you can leave the CaravanStore mounted on the vehicle. Please consider that the vibrations can make the awning beat against the wall of the vehicle, causing noise and damaging the wall of the vehicle. Always check with the manufacturer of your caravan/motorhome.

Q - On which awnings can the Privacy Room be installed?
A - Privacy Room is designed for F45s, F45L F45 Ti, F45 Ti L, F45i and F45i L awnings. F80/F65 only if installed on Fiat Ducato after 06/2006 and on Caravan. The Privacy Room cannot be fitted on models produced before the F45 Plus and Elegance. The Kit Privacy O (which is standard delivered with the Privacy Room) allows the installation of the Privacy Room on Omnistor 5002, 5003, 4900 and Tristor2 awnings too.
FAQ - Frequently Asked Questions

Q - Can I install the Privacy Room for F45 on a motorhome with an F80/F65 mounted?
A - Normally no, but there are rare cases in which it is possible.

Q - Is the Privacy Room a tent awning?
A - No, the Privacy Room is not a tent and it needs to be mounted on an awning. The Privacy Room offers you extra space and also the possibility to sleep in it when the weather is nice. Please note that the Privacy Room is not a permanent tent and needs to be closed in case of storm and wind.

Q - Can the Privacy Room be used in Winter when snowing?
A - No, it is certainly not suitable. Even a thin layer of snow causes a heavy weight on the awning. This can lead to serious damage.

Q - Is the installation kit standard delivered with the Privacy Room?
A - Yes, the installation system is standard delivered with the Privacy Room (panels+aluminium structure), together with the Mega Bag (Large strong bag, suitable for transporting goods in the storage compartment or the Privacy during travelling).

Q - Is there a side or front panel that I can use on my awning?
A - Yes, as an alternative to the enclosures (Privacy Room), Fiamma offers front (Blocker) and side panels (Side) in different versions and lengths.

Q - Can I mount Side and Blocker panels on my awning?
A - There are many models for winch awnings (F45, F70, F80/F65) and for manual awnings (CaravanStore, F35pro).

Q - Which Carry-Bike can I install on my vehicle?
A - The choice of the Carry-Bike depends on the type of vehicle (motorhome, caravan, van) and on its structure. You can find a wide range of information on this catalogue. For further information and for professional support, we suggest you to consult your dealer.

Q - Is the rear wall of my vehicle strong enough to install a Carry-Bike?
A - Most of the vehicles don’t show any problem when mounting a Fiamma Carry-Bike, but we suggest for you to contact the dealer or the manufacturer of your vehicle in order to locate the most suitable installation points on the back of your vehicle (as they differ depending on the manufacturer).

Q - Can I carry electric Bikes on the Carry-Bike?
A - The Carry-Bike Lift 77, Pro and Pro C E-Bikes, Caravan XL A Pro 200 and Active E-Bike, Mercedes V Class Lift E-Bike and the models for the garage facility are ideal for transporting electric bikes, possibly with the addition of the optional Rail Premium E-Bike. We suggest you place the Rails Premium E-Bike near the wall of the vehicle and for you to remove the batteries of electric bikes so as to limit the weight on the wall. In accordance with the capacity of the Carry-Bike, a maximum of 2 E-bike rails can be used, each can carry up to 30 kg.

Q - Can I carry my motorcycle on the Carry-Bike?
A - Absolutely not. Fiamma Carry-Bikes have been designed for the exclusive transport of bicycles. Even if your motorcycle doesn’t exceed the maximum load of the Carry-Bike, this value is calculated to uniformly distribute the weight on the structure; an excessive weight, like that of a scooter, localized on a single rail, is not allowed.

Q - What is the maximum speed I can travel with the carry-bike mounted?
A - With a Fiamma Carry-Bike mounted on the vehicle you can’t exceed the maximum speed of 110 km/h (for minivans) and 90 km/h for motorhomes, even if you carry only one bike.

Q - Can I carry my motorcycle on the Carry-Bike?
A - Most of the vehicles don’t show any problem when mounting a Fiamma Carry-Bike, but we suggest for you to contact the dealer or the manufacturer of your vehicle in order to locate the most suitable installation points on the back of your vehicle (as they differ depending on the manufacturer).

Q - The roof of my vehicle has a thickness higher than 5 cm. Is there a way to install the Turbo-Vent?
A - Yes, you can install the Turbo-Vent or the Vent thanks to a special extension (code 98683-116). However, the extension is not a cover, and then the portion of the cut roof will be visible through the rooflight.

Q - What versions of Safe Door and Security can I install on my vehicle?
A - There are no special constraints if there is enough space for the product on the external side, and for its bracket (or frames) on the inner side.

Q - Does Fiamma Super Kem and Super Rinse respect the environment?
A - Of course. Fiamma chemical products don’t contain formaldehyde, comply with all national and international regulations respecting the environment.
