Extension: 200cm for F45s 260 and 250cm for F45s 300.

Specify the fabric colour you want when ordering by replacing (X) with: R=Royal Grey, Q=Royal Blue, S=Sahara, E=Evergreen, D=Bordeaux

* Awning delivered as standard with installation kit, consisting of 2 brackets. No drilling of the vehicle required.

** Standard F45s awning, for VW brackets see page 10

*** long wheel base **** Installation Kit, delivered as standard, is in Deep Black finish like the awning
Choosing guide

- Winch opening and closing. Operation by handle
- Roof installation with roof-integrated brackets optionally available,
- Automotive style finishing
- Fabric always perfect thanks to the overhand motion unrolling
- Length 270 cm
- Canopy Royal Grey and case Deep Black

Canopy and case finishes

- Royal Grey
- Deep Black

Installation

Possibility of installation only on VW T5 and T6 standard roof variants (L1 H1). Not suitable for vehicles with pop roofs (including Volkswagen California). If the vehicle is equipped with C rail, it is necessary to remove it and locate the brackets on the set points.

Installation kit (Kit VW T5/T6 for F40van, Item No. 98655Z030 for Lhd/98655Z038 for Rhd) optionally available, simplified installation without drilling, with roof-integrated brackets.

The roof mounted awning specifically for camper vans, particularly suitable for VW T5/T6

Awning of compact design. The F40van is a great addition to any campervan due to its aesthetics and removable fixing brackets.

Extension: 225 cm.
Adapter kit (Item No. 98655Z030 for Lhd / 98655Z038 for Rhd) optionally available - Canopy: Royal Grey - Case box: Deep Black

**Room van**

Technical features

- Developed for F40van awning
- Incorporated and self ventilated roof
- No additional poles required
- Ripstop fabric, light and resistant to scratches and lacerations
- Blind side panels and transparent front panel equipped with roller blind (see picture on the right) for maximum privacy
- Possibility of anchoring to the awning support legs

The all-round room for F40van awning

A simple solution, light and effective to increase your privacy as dressing-room or shelter for short stays, weekends or for those who like to move fast.
This room complements the F40van awning.
It is connected to the F40van awning lead bar and sides are without installation poles. Light and resistant thanks to the Ripstop fabric, it takes up very little space when placed in the bag, which is delivered as standard.

The light and multifunctional compass awning!

A simple solution for Camper Vans and SUVs that allows you to protect yourself from the sun. The awning is disposed at 270° around the vehicle and is characterized by extreme ease of assembly and disassembly. It is therefore suitable for any occasion, from touring to a trip outdoors, from a simple picnic to a few hours of relaxing.

Choosing guide

- Awning with manual opening and closing
- Wall installation
- Installation brackets optionally available, p.87
- Suitable for campervan and 4x4
- Lengths 220 and 260
- Big shade surface
- Canopy Light Grey and bag Silver or Black

Canopy & bag finishes

- Silver
- Black

Light Grey
Installation

Installation can be done using Fiamma Adapter Kit 98655Z018 on VW T5 and T6 Multivan and Transporter models.

Attention:
when the awning is fully open, for safety reasons, it only allows partial opening of the rear door.

Soft Bag

External bag of high quality fabric (polyester for Black version and PVC for Silver one), super-resistant and anti-UV with zipper closure.

Resistant to torsion:

The sturdy support aluminium structure on the back side of the bag ensures maximum resistance to torsional stress and allows the specific installation brackets to be used.

Canopy

The canopy is separable from the bag through a zipper, facilitating replacement if necessary. Light grey polyester canopy, maximum durability, waterproof, resistant to dirt and wrinkle-free.

Easy and quick opening

A single person is able to open and close the awning autonomously.

The awning is manually operated. The arms with integrated legs, lightness of the structure and fabric make the opening and closing of the awning simple and fast. It can be done even by one person.

Which brackets do I use to install my awning?

Awnings F45s VWT5/ T6 on page 2/3 come standard with its special brackets. However you can also use the standard F45s awnings 06280H01(X), 06290H01(X) and 06759H01(X) with the installation kit specifically designed for the different models.

The awnings F40van, Compass and F35pro are not delivered as standard with brackets to allow the choice of the most suitable installation kit for the different Volkswagen models.

Privacy ultra light

Delivered as standard with

- 1x complete Privacy composed of a roof, sides and front in one piece
- 1x curtain kit for the window of the front panel
- 1x Installation kit for Fiamma awnings
- 1x Kit Support cross rafters
- 1x Pegs and elastic kit
- 1x Transport bag (Mega Bag for models 400 and 450, mega Bag Light for models Van 260, 300 and 350)

Curtains delivered as standard

Light, durable and quick to assemble

Ripstop fabric, quality guaranteed

Privacy Ultra Light is made from Ripstop material, a lightweight and tear-resistant fabric. The mesh of the Ripstop fabric is characterized by a weave of threads through different sections that create strength and sturdiness, whilst remaining light. The characteristic of lightness allows the user to carry out assembly quickly and easily. Installation can easily be carried out by just one person.

Ventilated roof for optimal temperature

Improved comfort

The double roof, (the awning fabric and the Ripstop Privacy roof) creates an air chamber with constant ventilation thus lowering the temperature inside the Privacy. The side panels can be completely rolled up to offer greater comfort and coolness and are both equipped with mosquito nets.

Great versatility

Possibility to increase the shade surface

The Privacy Ultra Light allows you to fully open the side panels extending the shade surface.

The light and compact Fiamma enclosure for your holidays on the move

The light version of the Privacy Room enclosure. Made of durable weather resistant grey polyester, that once folded, takes up little space and is really very light. Suitable for summer or mid-season. The front panel is made up of an opening window and a mosquito net, the two side panels are provided with opening window and mosquito net for a good ventilation.

Models and dimensions

Easy installation

The front panel slides in the guide of the front bar and thanks to the auto-lubricant zippers fastens easily to the side panels. The side panels stick to the wall of the vehicle with the elastic ropes that are delivered as standard and are provided with quick hooks.

Fiamma offers a full range of bike carriers dedicated to Volkswagen vehicles

Special models designed to fit the rear door of Volkswagen T5 and T6. Easy installation without drilling the vehicle with the brackets which are delivered as standard and possibility to carry up to four bikes.

**VW T6 PRO / VW T5 PRO**

The stylish design harmoniously follows the line of the vehicle without covering lights and number plate. Simplicity and speed of installation / demounting and excellent rigidity on the rear of the vehicle. The upper brackets are fastened to the reinforced points of the rear of the vehicle, brackets are complete with plastic supports in the centre of them, free from any hooks the lower part of the vehicle does not lean against the bumper. Equipped with double lower reinforcing bar to ensure maximum stability.

---

**Description** | **Item No.** | **Weight**
---|---|---
Kit Adapter T5 to T6 | 98656-988 | 0.7 kg
Kit Adapter T5 Pro to T6 Pro | 98656M021 | 0.7 kg

---

Now it’s possible to convert the Carry-Bike T5 into a Carry-Bike T6

Have you changed vehicle and you want to reuse your bike-carrier VW T5 (Item No. 02093B71-) on the new VW T6? Fiamma has thought of you with a cost-effective solution which allows this operation easily.
VW T5

From 07/2003.
Bike carrier specially designed for Volkswagen T5 with **single rear door**.
